TASTING NOTE

Pompita, which means 'little bubble', is made using 100% Tempranillo wine infused slowly with natural watermelon and citrus aromas. A wonderfully rich sweet nose gives way to a light, thirst quenching style on the palate. This is a sophisticated, drier style of sangria. Fresh, clean, and fun - not overly sweet and only 5.5% ABV. Enjoy chilled over ice with a wedge of lemon or watermelon. Salud!

PRODUCER INFORMATION

Mick Messum, the creator of Pompita says his love affair with Spain all started with a paella on the beach with friends and jugs of Sangria. Having traveled through many of the incredibly diverse cities in Spain, he realised that each wonderful place had its own expression of Sangria and he was inspired to try and capture that in a bottle.

Pompita is the result of Mick's quest to create an authentically Spanish taste with zesty fruit flavours. Made from 100% vintage wine, Pompita is a stylish and sophisticated new drink!

A refreshing new take on one of Spain's most loved drinks, Pompita Sangria Superior finds inspiration in the great cities of Spain and brings you three distinct new flavours:

Pompita Barcelona - The Stylish one with a squeeze of blood orange

Pompita Madrid - The Classic one with a grapefruit twist

Pompita Ibiza - The Hedonistic one with a splash of watermelon
